Large Crowd, Large Entry, Feature Lions Ice Carnival

No one as yet have asked for the price of admission back after taking in the Lions Club carnival on Saturday night. Most thought they had been well repaid after the first event of the evening hit the ice, when a group of Scottish pipers made the rafters ring with their stirring music and then let the grand parade featuring groups from many organizations of the town and district and costumed skaters of all shapes and sizes. Judging of costumes took place during the parade.

A talented young figure skater who has been in this country only a short time, gave an exhibition of the art which was hard to match anywhere. She has played to bigger crowds and received greater ovations and will no doubt do just that many more times.

Boy Scouts, Girl Guides, Cubs and Brownies performed a display in honor of the centennial anniversary of their founder, Lord Baden-Powell. The program was finished for the night after this; they put on a display of hockey which gave us an insight on where the future stars are going to come from.

The four heats of the chuck-wagon races had everyone on the edge of their seats and it is likely that this will be one of the feature attractions at all carnivals from now on.

It was a well-rounded out evening of entertainment and the Lions wish to thank all who took part on the ice or in the bleachers.

Following are the results of the racing and costume events:

All winners listed in order of finish.

CREMONA NEWS

(From Our Own Correspondent)

A wedding dance was held for Mr. and Mrs. Earl Nielsen in the Cremona hall on March 8. A large crowd reported a good time.

The United Church W.A. met at the home of Mrs. Lionel Bird on Friday, March 8. Materials for the bazaar were distributed.

Mr. and Mrs. Ray Smith, a doctor, on March 7.

The monthly meeting of Mountain View Credit Union was held in the Office March 9. There are three new directors on the board: Mr. E. Wigg, Mr. W. J. Burton and Mr. Gordon Wagner. The other two members of the board, elected at the annual meeting, were Mr. A. Reid and Mr. G. B. Gane.

Pools Construction appear to be having a little difficulty getting coal delivered, so work on the new school hasn't really got under way. Some of the gravel has been hauled and the next week will probably see better progress.

Mrs. J. Stimpson underwent surgery in the Didsbury hospital last Thursday and is progressing nicely.

The Cremona hockey team played Carstairs in Carstairs on Wednesday, March 6, and lost 4-3 in overtime.

Home and School met at the school Wednesday, March 6. A panel discussion between the grade 7 and 8's and their parents was the feature attraction.

News items of general interest would be appreciated by your Cremona correspondent. Please phone number 312.

School Concert Friday Night

Tomorrow (Friday, March 15) is the big night. All roads lead to the Didsbury school auditorium for the annual school variety concert.

Mothers have been working on fancy costumes, teachers have been drilling little people and bigger ones too, painters and decorators have been working overtime and everything is ready for the big night.

This year the Grade XI class presents a sparkling one-act comedy, "The Wedding," starring Judy Allen and Ted Veenstra in the lead roles, ably supported by Ken Penner, Norman Reimer, Virginia Slawson, Beverly Shannon and Wayne Stauffer.

Don't miss it. Curtain at 8:30 sharp. Adults 50¢, students 25¢. Proceeds for school improvement.

BIRTHS AT THE DIDSURY MUNICIPAL HOSPITAL

To Mr. and Mrs. S. Janzen of Didsbury, on March 13, a son.

BERGEN NOTES

(From Our Own Correspondent)

The Women's Auxiliary met this week at the home of Mrs. Dolly Stanger.

W. Wilma Gamble is home again, having spent several days in the Didsbury hospital for X-rays.

Deepest sympathy is extended to the Olson and Shafer families in their recent bereavement.

W. W. Johnson's Community Club is sponsoring an Irish stew supper in Bergen Hall on the evening of March 22.

The ladies are working on a quilt which we understand will be raffled, with proceeds going towards winter clothing.

Congratulations to Mrs. Ivor Erickson, who on March 13, celebrated her 85th birthday. Also to another older-timer, now making her home with Mrs. Solveig Clarke, Mrs. G. Halvorsen, whose birthday was on the 14th.

Women's Groups Hold Meetings

DIDSURY INSTITUTE

March meeting of Didsbury WI was held at the home of Mrs. Fainbaum, with 12 members and two visitors present. Mrs. J. Reinhardt kindly typed the programs and they were distributed among the members. Mrs. A. Hall gave a very interesting report on the Cancer Workshop which Mrs. Ester prepared, giving a brief history of the organization which was read by Mrs. Jack Clark.

"Bit of fun" was given by Mrs. Longa in a contest on parts of a turkey. Mrs. Jean McDonald knew her turkey best. She also gave the five-minute talk choosing Prince Edward Island, where she lived in her summer years.

The ironing and folding of a white dress shirt will be the contest for the April meeting. The money amounted to \$2.30 and was won by Mrs. Neil McKay.

Sweet bread and pickles were judged by Mrs. Ester and Mrs. Pieper, getting honors for their jams and Mrs. Rathburn and Mrs. Prost for their pickles. Mrs. Wahl was in charge of Red Cross sewing.

The April meeting will be held at the home of Mrs. E. Pieper.

RUGBY INSTITUTE

Rugby WI held its regular meeting at the home of Mrs. A. L. Hoag with 10 members and one visitor present. Roll call was "Why I Am Glad To Be A Canadian."

A donation of \$5.00 is to be sent to the Canadian Red Cross Fund which was pledged for the rest room in Didsbury. Mrs. Allan Vipond, United Nations convenor, based her talk on the A.C.W.W. and Ceylon and concluded with a United Nations quiz, which was won by Mrs. Hoag.

DIDSURY-CARSTAIRS 4H CLUB HOLD MEETING

The newly organized Didsbury-Carstairs 4H Dairy Club met for its February meeting at Reid Clarke's Jersey Farm. The group decided to design 4H name-plates for dairy farm entrances. They also planned a Picnic Day to be held on April 22 at the home of Mr. and Mrs. Lloyd Stauder.

Mr. Clare Fisher was appointed sub-leader of the latter group.

Following the business meeting the group inspected the dairy herd and judged the class of dairy cows, which were to be held on Friday, March 22 at 8 p.m. in the home of Mr. and Mrs. Lloyd Stauder.

Chitter-Chatter

By Our High School Scribbler

On Thursday, March 7, a double header basketball game was played against the school in the gymnasium. In the first game our boys won easily by a score of 55-10. Didsbury points were made by K. Traub 23, Penner 15, Stiles 9, McMartin 7, D. Traub 1.

Our girls also came out ahead in the second game, 16-15. Burgess made 12, Prevost 10, K. Traub 6, Traub 6, and Gilrie 4.

However, on March 2, the team lost to Olds high school to spoil its undefeated record.

Looking at the curling angle, a new broom team took part in the Carstairs bonspiel and came home with last prize. The local bonspiel will be held this weekend, weather permitting.

ALEX MUNRO TO SPEAK AT HOME AND SCHOOL

A regular meeting of Didsbury Home and School Assoc. was held Monday evening in the school auditorium. A nominating committee has been set up to present a slate of officers to the next meeting for the coming year.

In addition to the two films that were shown, a treat was in store for the students. Mr. Paul and Miss Owen gave a piano duet, "A Hungarian Rhapsody."

Mr. Alex Munro, superintendent of parks for the City of Calgary, will be guest speaker at the next meeting, which is to be held on Thursday, April 11 at 8 p.m. An invitation is extended to everyone whether members of the association or not, to hear Mr. Munro.

A Truly Happy Birthday!

Charles Van Doren, TV's top single-show winner, celebrated his birthday today with 31 candles on his cake — and \$138,000 in TV winnings. Van Doren outclassed two opponents on the "Twenty-One," show last night to add \$16,000 to his mounting pile. On 10 previous appearances on the program, he had pyramidized his winnings to \$122,000. Van Doren uses blackboard and fingers to show his increasing winnings.

Display Of Art Here Saturday

The collection of English water color paintings, to be shown March 16 at the high school auditorium, in connection with the annual exhibition of local art, are well worth seeing, particularly to those interested in art.

They are the property of Mr. and Mrs. J. F. Baron of Calgary and are on tour throughout the province.

These paintings are works of 18th and 19th century artists and are products of a period of experimentation, since at that time the paper used was often of inferior quality and, added to this, the artist was required to manufacture his own paints by crushing color pigments and mixing them with water and finding some substance which would fix the color after it was applied.

Colors were limited and when viewing these pictures you must be aware of the fine craftsmanship and the artistry of the painters.

The local art exhibit will again feature work of Mrs. S. Mills and C. Stevens of Olds, along with Carl and Joyce Mullen of Didsbury, to mention only a few of those participating.

There is no charge to see the exhibits, in addition, the Brownies will sponsor a home baking sale and Smorgasbord tea will be served from 2:30 to 5:30 p.m.

Doors will open at 2 p.m. and again from 7 to 8 p.m. in the evening. The date, March 16 in the school auditorium, sponsored by Ladies Auxiliary to the Canadian Legion.

Fish And Game Banquet Draws Large Crowd

A large crowd gathered at the school auditorium Wednesday of last week for the wild game banquet sponsored by the local branch of the Fish and Game Association.

Mr. Ken McNeil presented prizes to the winners and the hunt for the predator campaign.

Mr. George Sparro, secretary-manager of Alberta Fish and Game Association, reported the cross and maple campaign, "which was almost abolished, would be in effect this year."

Mr. R. Webb, game biologist of Edmonton, was guest speaker. He spoke on "Wild Game Preservation and Conservation," and showed slides to emphasize his talk.

Other guests attending the banquet were Mr. Bill McDonnell, Mr. Doug Doherty, Mr. and Mrs. Bill McDonald from Calgary and Mr. and Mrs. Bruce Stewart from the Yukon.

Mr. Howard Halliday and Mr. Bert Prevost supplied the musical entertainment.

Ramblers Meet Monarchs Thursday

Didsbury Ramblers stayed in the game with Red Deer Monarchs for two periods in the northern centre on Thursday night, but then the roof fell.

The game ended 4-1 when the second session closed but the locals failed to tally in the final period as Monarchs rapped in six unanswered counters. A far cry from the last meeting of the two clubs here a week ago when Ramblers avoided the league-leaders' first defeat of the season by a 5-3 margin.

The same two teams play here Thursday night in the fourth game of a best-of-five series to decide the champion of the Chinook League. Red Deer will lead the series two games to one. Ramblers believe the type of hockey they displayed in their last home outing could quite easily tip the playoffs up once more.

13 OF 'EM ???

"What possible excuse, demanded the irate judge, can you give for acquitting this man of second-degree murder?"

"Insanity," replied the jury foreman.

"What?" snapped the judge. "All 12 of you?"

Ramblin'**and****Roamin'****We're Sounding Off Again — This Time About . . .**

The Lions Club Ice Carnival, held last Saturday night, under ideal conditions and before a very appreciative audience. One sour note fell out, and it did not come from the pipers; They were 'tops' all the way through. We refer to the young lads who found it necessary to hang the big "boo" on one of the performers when she slipped and fell during a skating exhibition. We don't know who they were, we don't actually care. We just hope that their parents know. Discipline begins at home, and the way we read the chapter, it went: "Do unto others as you would have them do unto you." Think it over fellas'. It was just a sporting event; let's all be good sports next time around. One of the Scottish pipers was even good enough to leave his pipes in Didsbury; that's the type of entertainers and visitors we like in these parts.

**We're Sounding Off Again — This Time About . . .**

The reporter who checked in last week with the story on the farmers' bōspiel had the wrong horses in first place. 'Twas the H. Sheils rink who won the jewellery in the first event; R. Nuss ran a very close second. Are we now pardoned?

**We're Sounding Off Again — This Time About . . .**

The boys in blue on the Calgary police force who are being blasted by city news commentators for straying off the straight and narrow. They say that charges will be laid, they say some of the reports are definitely false, they'll probably say a lot more things before this gets into print — all we can say now is poor show—on the part of those in authority who have been blind enough to allow such a circumstance to occur and then try to smother the press releases.

**We're Sounding Off Again — This Time About . . .**

The man who had his hands severely burned in an automobile crash. As he lay in the emergency ward watching the man in white dress his limbs, he said: "Doctor, when the bandages are removed, will I be able to play the piano?" The doctor nodded and said: "I think so." The patient said, "That's funny, Doc. I never could play before."

WEDDING

REIFFENSTEIN — SCHUMAKER
 A quiet wedding was held Monday, March 4, in the Redeemer Lutheran Church, when Joyce Eileen Schumaker, youngest daughter of Mr. and Mrs. Peter Schumaker became the bride of Mr. Ormond Newton Reiffenstein, youngest son of Mr. and Mrs. Fred Reiffenstein, Rev. E. B. Fox officiated.

The bride wore a blue tweed suit with pink accessories and a corsage of sweetheart roses. Her only jewelry was a pearl necklace with matching earrings.

Given away in marriage by her father, the bride had her sister, Gloria, as her attendant. The latter wore a brown tweed suit with brown accessories and a corsage of sweetheart roses.

The groom was attended by his brother, Mr. Roy Reiffenstein of Coronation, and his fiancee, Mrs. Raymond Schumaker, brother of the bride.

A buffet supper for approximately 40 guests was held at the home of the bride's parents. Toast to the bride was given by Mr. Roy Reiffenstein.

Following this the newly-weds left for a short honeymoon trip in the south. Mr. and Mrs. Reiffenstein will make their home in Calgary.

JOLLY JUNIORS HOLD REGULAR MEETING

March meeting of the Mountain View Jolly Juniors was held at the home of Miss Linda Snyder. The meeting began by crocheting; seniors crocheted a place mat and the juniors crocheted around a guest towel. After the singing of O'Canada, the code was read and the secretary gave the report. Report will be answered by telling "whose shadow I'd like to be." There were 12 members and four visitors present.

The date of the dance planned for March 15, was changed to May 24. The supervisor asked that all handicraft be done and handed in at the April meeting.

The 10-cent draw was won by Elaine Pratt.

Notes From D.A.

By Howard J. Fisher

Many of you have read of the drought which seems to be expanding in the United States. Indications are that another cycle of dry years has developed. Although it has not hit this area, it has been noted that dust has blown off quite a few summer-fallow fields this winter. With the last few years being relatively moist, many precautions against soil drifting have been lessened and in some cases neglected.

One of the best guardians against erosion of our land by wind or water is a protective covering. The trash cover (residue of previous crop) should not be burned after the winter protection has been provided.

Do not burn the stubble and straw in the spring. This procedure eliminates the protection from erosion and destroys the organic matter which will provide plant food. In addition the intake moisture quality of the soil is governed by the organic matter content; this factor is important in preventing water holes developing.

There are a number of problems with handling heavy trash cover; after the incorporation of large amounts of straw, a depressed yield will result. This is caused by a lack of nitrogen. If the straw is plowed at the time this trash is decomposed there is more nitrogen available than if no straw had been incorporated.

This problem of depressing yields with heavy incorporation of straw can be handled by using commercial fertilizers; the amount to be fertilized depending on the farm and particular soil characteristics. Use all methods possible to incorporate this trash, as burning it off is only a stop-gap procedure, because with a continued burning program, the organic matter in the soil becomes lessened each year. With this lessened amount it becomes more and more difficult to incorporate any crop residue, while if it is incorporated each year and the soil builds up, it is easier to incorporate and have a continuous break-down of the straw, which in turn provides plant food.

THE LIQUOR QUESTION

Some conversations on this question remind us of a long distance phone call between Mr. Mars and Mr. Moon.

Mr. Mars heard something about the discussion on the report of the commission now before parliament,

and made a suggestion to the

problem of outlets that pipe lines

be built, he said, at dance halls and

other amusement centres in

the same manner as sound and

music outlets are arranged for cars

at drive-in theatres. Also some

thing similar could be arranged in

restaurants and other places.

Mr. Mars was asked if there were

any outlets in the area.

Mr. Moon was out every

night and sees what is going on,

asked his friend, how could the

few outlets needed early in the

manufacture and sale of these

liquors be raised.

Mr. Mars had an answer, "meters."

And where more than one variety is sold have

different meters for different outlets.

Then he added that it might be

possible to have a collecting

meter for these outlets could be in

use twenty-four hours a day. Do

we really want this?

But, friends, is our problem out-

let? Or is this just a smoke

screen? The increase in the per-

centage of people using liquor is

growing rapidly.

Has not we a good approach to

this question? It is the business of the

hotel to provide wholesome, com-

fortable surroundings, with an

atmosphere of quietness for the

travelling public. The leaders in

the liquor trade say it is their busi-

ness to sell liquor.

But, there is nothing in common be-

tween these two aims. Why should

they be under one management?

To say we cannot provide whole-

some comfort and quietness with

the help of some form of liquor

outlet, we will not be able to

attain the good we believe in

without the help of that which is

doubtful and often vile. Or say

it this way, we confess we can

not make some comfortable without

making many wretched.

The liquor trade is in part

private enterprise, and in part, govern-

mental.

It seems reasonable to

believe that it would be a

start toward the solution of our

question if we made it either one or

the other.

As a private enterprise it

would be subject to the regula-

tions of the government regarding

holidays, opening and closing hours,

excess profit control, combine regu-

lations and all the rest. Also, like

other companies the business would

be responsible for any and all inter-

ferences with health and hap-

piness of the community where such

could be traced to some one under

the influence of liquor.

If under government control it

ought to be under the government

all the way. It would be made by

the government, shipped by the govern-

ment and at prices paid by the govern-

ment.

It would take some amount

of time to reimburse the govern-

ment for policing our highways

and towns; every town with a liquor

outlet needs extra policing, plus

what it would cost to meet all

claims for damages caused by

drunkenness or by excess use or

abuse of liquor in any form.

However, laws and outlets can

not assure any people against the

evil of excess drinking. "Alcohol is

like water in the same way that

water and chloroform are poison.

Brain and nerve cells are the first

to be affected by alcohol. After

destruction by alcohol these are lost forever.

Unless most other body cells they cannot be regenerated.

Good citizenship is the fruit of

sound knowledge. Right and wrong

are determined by ones duty.

There are things that ought to be

done because of what one owes to

himself, to his home, to his com-

munity and to his country; yes,

and to his God. Where these are

done in the home, the standard

of citizenship is high and the

personal relations, worth of those

staunch souls whose faith, services

and sacrifices built our Christian

heritage. Sound knowledge and

high morals are inspired by good

homes. Laws and regulations can

be established to help in the

building of a great people. The

Ermine would die anytime, rather

than soil the pure whiteness of its

fur. It is our privilege to inspire

our children to so reverence purity

that they would die before they

would step down into any of life's

gutter.

There is one thing of course that

law, knowledge and direction can

not save and that is lost manhood

and lost womanhood. Only God's

Grace can help us here.

"My Grace," said He, "is suffi-

cient for you."

SEED GRAIN: Those who have not already arranged for their seed requirements for the coming spring are doing so now. I am receiving calls almost daily from farmers who want to know where they can procure various varieties of oats and barley. Certain varieties seem to be particularly good luck with some variety are sold on that variety for their own locality.

We like to be able to give advice on different varieties suitable to this region and welcome the opportunity of discussing the subject with you. We are particularly anxious to know about it if you have seed for sale. Such things as price per bushel, variety, germination, purity of seed and so on. During the next few weeks we will be in contact with you and will be in contact with us regarding seed. If you have some for sale give me a call and list what you have so that I can put the buyers in touch with you.

DISTRICT NEWS**M.V.B.C. NEWS**

(From Our Own Correspondent)

The Missionary Seminar at the college was a great success. A number of friends came daily to hear Rev. Reilly and Rev. Lehman speak, and the interest in Foreign Missions was stimulated. The activity was stimulated. Rev. Reilly gave to the students lectures on the workings of the United Missionary Board, the requirements for applicants and the methods used for selection and acceptance. He also spoke of the growth of missions, churches, and the methods used to start such in Africa and India. Our students were most appreciative of these services and feel that they have gained much needed knowledge for their own future, whether they go to the foreign field or stay in their chosen country.

Rev. Helly is concluding his services in the conference this week and will return to Indiana by plane.

Rev. and Mrs. Johnson of Indiana called at the college last week and were guests of President and Mrs. Taylor on Saturday for dinner, and on Sunday for breakfast, and Mrs. Donor of Africa. These missionaries will be back this way and will also speak in the college.

The seniors, with President and Mrs. Taylor, their sponsors, were dinner guests at the home of Mr. and Mrs. Wilmer Crist at the Cremona bungalow.

A Capella choir made its first all-choir appearance on Friday evening in the Cremona U.M. church. There was a splendid attendance and the singing was very good, we are told. They will be a couple of weekends touring in Alberta before settling down in their spring chores, tour through Washington and British Columbia. Mr. Carpenter is to be commended for the good work that he is doing.

The college is enjoying the effects of the new gas heating that was installed some time ago. It is said to many of us that the heat throughout the buildings is much more even than before, and the buildings do not get as cold at night, even during the colder weather we had recently. It certainly makes a difference in the cooking also. We surely appreciate the efforts of the students toward the installation of the gas.

Mrs. Marlene Sherman and Miss Lois Suder called in at the college Sunday afternoon and accompanied the choir to Cremona in the evening, returning to Calgary with Mr. and Mrs. Johnson. This was a privilege to have former students call at the college. Miss Sherman works in Fisher's Music Store in Calgary and is taking advanced piano toward her degree in music.

We hear from Earl Reimer on cascade that he has been active in the chamber of commerce, but is also in the college quartet at Cascade this year. This quartet will be touring for ten days, and Earl will have a real opportunity to see much of the States. He is a splendid student and stands among the top students of Cascade.

Make Your Wish Come True**The JOHN DEERE Credit PLAN
Can Make Your Wish a Reality!**

WISHING and dreaming won't help! It's putting that modern John Deere Farm Equipment to work on your farm that cuts costs — makes your work go along faster, easier, more profitably. But don't let the lack of ready cash stop you; ask about the John Deere Credit Plan, the low-cost financing plan that paves the way to easier, thrifter ownership.

You deal only with us; all arrangements are simple to make; they're made in strict confidence. Here are some of the facts:

- Credit on new or used equipment.
- Down payment as low as 35%, in cash or trade.
- As long as 36 months to pay.
- Three crop years to pay on seasonal income payments.
- Property and life insurance, optional.

Come in this week and get the details. That Modern John Deere Equipment you've planned to own someday can be yours this season!
